How to format your images

1. Download the template PSD templates. You can find them under “My Account” Page.
2. Designs are in CMYK mode.
3. Your image dimensions should be 3555 X 2528 Pixels (300dpi).
4. Save your final images as JPEG.

** Actual sticker colors may be off or a bit washed out due to the differences between RGB monitor display and CMYK printing.*

Actual product may also be slightly less sharper than the image on your monitor due to the nature of printing.

**Please be aware that parts outside the blue guidelines (~3mm/edge) will be cropped. We recommend to put any important details and text at least 5mm from these edges.*

Frequently Asked Questions

- Can I order more/less than what you offer?
Please message us for a quote!
- Can I order anything smaller/larger?

We're currently only offering this size for stickers.

- *Can I get my stickers laser cut? I'll pay extra!*

Unfortunately, the printing company doesn't have this option, so we can't offer this service!

- *I don't have PayPal! Is there any other way for me to send money to you?*

We prefer to be paid via PayPal, but if this is an issue **please e-mail us first**.

- *Do I get tracking?*

When you order your products, you will get to chose your shipping options. Standard shipping (available only for packages under 2kg) will take up to 5 weeks with not tracking. CP shipping usually takes 1-2 weeks with tracking. EMS shipping takes around 1 week with tracking.

- *How will you use my art for "promotional purposes?"*

We'll only use your art to promote this service, or advertise our company. We will not make any profit whatsoever. We may slightly alter your art (filters, cropping, artistic product shots, etc.), but will always credit you/the artist.

- *Will there be more group orders like this in the future?*

Yes, mostly likely! Join our [mailing list](#) for future projects and services.
